

29 Fifth Street North Lambton NSW

3 1 1

As you enter this beautiful property through the sun room you are met with high ceilings and timber floors. The open plan living areas allow the light to fill the lounge, dining and kitchen from the french doors leading on to the back veranda. 2 of the 3 bedrooms feature large built in wardrobes and air conditioning in the master bedroom. The newly renovated kitchen, bathroom and laundry, bring a modern and contemporary feel to this 1960's cottage.

The low maintenance gardens and yard are fully fenced, and the under cover veranda is perfect for entertaining.
